

## Offer for Charger Norlin MkIII 2.4mR

22.11.2016

In Scandinavia we are in the darkest time of the year right now. At Charger Sailing we thought we need to do something to brighten up this time of year.

How better to do that then with a special offer on our Norlin MkIII 2.4 mR?

As you might know we have made a significant improvement in the lay up schedule of our boats. Our current lay up is well a well balanced sandwich lay up with strategically placed multi directional fibers (6 directions) and a 5mm H80 core foam, one shot infused with Epoxy vinyl ester based infusion resin. Our new boats are the stiffest, lightest and most durable 2.4mR we have ever build.

Special offer to all Scandinavian sailors on orders between now and Christmas:

New Charger Norlin MkIII, including rig (no sails)	12 955 €
Discount on boat 10%	-1 296 €

Boat cover:	335 €
