

Amendments of the 2.4mR Class Rule 2009

The following amendments of the 2.4mR Class Rule are proposed to be valid from 1st of January 2009.

1. Battens in the 110% Jib

2 Battens of length 200 mm in the 110% Jib placed not less than 700 mm from the clew or the top. Consequently amendment is proposed of the corresponding wordings in the OD Rule Draft.

2. Weight of the lead pigs

Ballast lead pigs must not weigh more than 30 kg each. Consequently amendment is proposed of the corresponding wordings in the OD Rule Draft.

3. Location of the 35 kg extra weight

Location of the 35 kg extra weight when measuring flotation on the marks shall be ± 200 mm from the 0,55 station instead of ± 100 mm.

4. Seat excluded from the boat weight

Seat shall be excluded from the boat weight corresponding to the OD Rule Draft.
