

From German 2.4mR NCA - Re 2016 European Championship Bid

The German 2.4mR NCA has had some negotiations with the Kiel Yacht Club, the host of the well known Kieler Woche (Kiel Week). As a result we like to present an application for holding European Championships in 2016 in Kiel, Germany. The EC would be held basically within the framework of the Kiel Week but with the adoptions needed for a proper EC. enclosed there is a bit-book from the organizer and the official form.

The Kiel Yacht Club has filed the application as pdf. Unfortunately we can not amend this file, therefore I give you the NCA-part here:
